OPT'L - Umpires Golf Shirt (\$20 Subsidy by Astros FHC)					\$5	\$5 Upon Certification

**\*UMPIRING EXEMPTION FEE** - Player will not umpire during the specified season. However, they will commit to help the team or club with administration or organization, etc.

**\*\*UMPIRING PREMIUM FEE** - Player does not have to umpire in the specified season or commit to any other responsibility associated with the team, club, or league. This is a \$50 fee over and above league fees. It will be used to help the team and club finance umpire-related training, equipment, coaching honorariums, etc.

\*\*\* If the cost of umpiring certification clinic is > \$10, umpires will get reimbursed for the cost of the certification clinic upon completion of their certification (i.e. 75% pass on written exam + "Pass" on required field assessments). A copy of field assessment(s) showing "PASS" must be faxed or handed in for reimbursement.

**NOTE:** Previously, the CLFHA paid FHC \$300 per team and \$250 per team to FHA. This worked out to approx. \$35 - \$45 per player, depending on the number of players on the team. Now, players must register individually and pay the following **REGISTRATION FEES once a year:**

- i. FHC - \$33 (adult player), \$15 (18 and under as at Jan 1)
- ii. FHA - \$30 (adult player), \$20 (18 and under as at Jan 1)

The sub-total is now \$63 for adult players and \$35 for players 18 and under as of Jan. 1st. Field Hockey Canada will be increasing their portion of the fee in 2010 so that the total is \$75 for adult players. The above does **NOT** yet include league fees/costs to cover field rentals, payment of umpires, and other costs required to run the league.
